Understanding the New Belgium CO2 Regulations (Effective Jan 1, 2025)

- Enhanced CO2 monitoring is required in all enclosed public spaces.
- Regulations aim to improve public safety and environmental responsibility.

Sensivue CO2 Detector: Your Solution for Compliance

- Stay ahead of the game and ensure compliance.
- Intelligent system that combines cutting-edge technology.
- Seamless smartphone connectivity for real-time monitoring.
- Designed to meet the specific requirements of the new Belgium CO2 regulations.

Benefits of the Sensivue CO2 Detector

- Provides tools necessary to create a safe and healthy environment.
- Helps in securing your venue and peace of mind for regulatory compliance.
- Enhances the guest experience through clear and effective CO2 monitoring.
- Invest in safety and satisfaction for your patrons.

Comprehensive Monitoring

Offers real-time CO₂ measurements on your smartphone and tracks historical data, temperature, and humidity for complete environmental insight.

User Convenience

A user-friendly mobile app allows control, customizable alerts, and easy viewing of all relevant data from anywhere.

Easy Setup and Maintenance

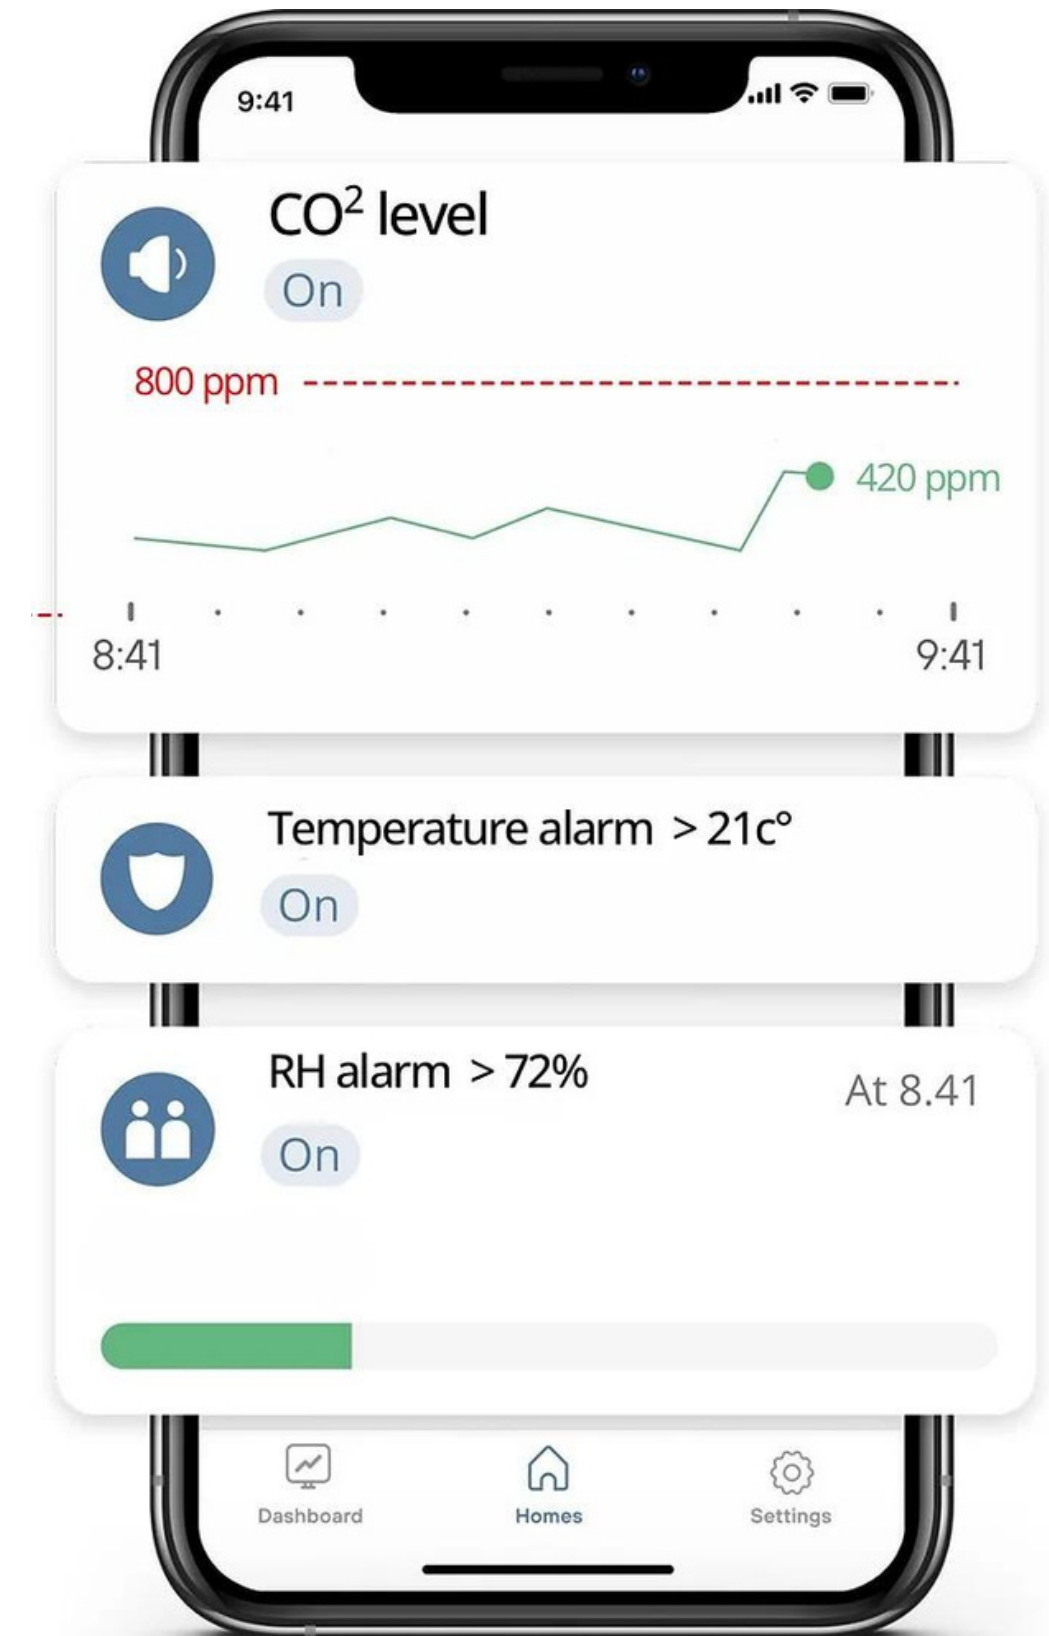

Hassle-free installation with simple instructions, smartphone connectivity, minimal maintenance, and versatile placement options.

Safety and Compliance Focus

Prioritizes adherence to regulations, safety, and well-being, including customizable thresholds and immediate notifications for maintaining a safe environment.

Privacy and Versatility

Built with privacy protection (camera-free), and functions indoors on ceilings or walls with a rechargeable battery that lasts up to a year, ensuring versatile and trustworthy operation.

Potential Income Stream for Inbev

Explore a partnership with Sensivue to create a new revenue channel.

Enhanced Customer Loyalty

By prioritizing air quality and safety, foster increased trust and loyalty among patrons.

Seamless Compliance Assistance

Assist with effortless compliance with the new regulations using Sensivue's advanced monitoring solutions.

No Additional Service Burden on Inbev:

Sensivue provides full lifetime service to customers, meaning no service level or additional workload is required from Inbev.

Risk-Free Partnership

Engaging with Sensivue entails no financial risk nor commitment, allowing for a flexible and advantageous collaboration.

Thank you!
